This summer school is out and we will be heading to Memphis, Tenn! Not only is Memphis home to Elvis (I think he is dead) and some of the best barbeque in the world, but also, it is home to some of the most passionate church planters in North America. We will be working with an organization called Powerplant to go and help these passionate men and women plant their churches to reach the people of Memphis with the gospel of Jesus Christ. I would encourage each of you to view Powerplant's website at www.powerplant.studentz.com. In order to go on this fantastic trip please fill out this application and send us a \$75 deposit by May 16th. Spots on this trip are limited. Please get these in as soon as possible. There will be a required training for all who are attending. The Training will be held Saturday May 22nd followed by a parents meeting that same day. Adults who are interested in going: the cost is \$140 and spaces are also limited. As you fill out this application do not worry about putting down the "right" answer just be honest as we see what God is going to do through you and in you during this trip.
